EARTH
COLOURING ACTIVITY

⬇ **Download the file**

🖨 **Print the file**

Instructions:

1. Start by downloading and printing the worksheet.
2. Gather your colouring supplies like crayons, markers, paints, or coloured pencils.
3. Colour the continents (the land areas) using green, brown, or other earthy tones. Feel free to use different colours for each continent to make them stand out.
4. Colour the oceans with shades of blue. Add waves, fish, or sea creatures to make it extra fun and creative!
5. You can write a message on your worksheet "Happy Earth Day" or "Love Your Planet," and colour them.
6. Hang your finished artwork on the wall, fridge, or classroom display to help everyone remember to take care of Earth!
