Instructions:

1. Begin by downloading and printing your Easter Basket Worksheet.
2. Grab your crayons, coloured pencils, or markers. Choose any colours you like bright, bold, or soft and get ready to create!
3. Carefully colour the basket, handle, chick, bow, and eggs.
4. Decorate the blank eggs with fun patterns such as stripes, polka dots, zigzags, or your own creative designs.
5. Once you're done with colouring, carefully cut along the shapes using safety scissors.
6. Take the basket handle and attach each end to the back or sides of the basket using glue or tape. Make sure it is secure.
7. Glue the bow onto the top of the handle to give your basket a festive finishing touch.
8. Place your coloured and cut-out eggs inside the basket, then add the chick as a cute and cheerful centrepiece.
9. Your Easter basket is now complete! Use it for pretend play, decoration, or even as a special handmade gift.
