## Instructions:

1. Download and print the Marine Animals Headband Worksheet on paper so you can start your fun ocean craft activity.
2. Gather your favourite colouring supplies, such as crayons, coloured pencils, or markers. Choose bright and fun colours to make your marine animals look lively and creative.
3. Carefully colour all the sea creatures on the worksheet, including the crab, tortoise, shell, starfish, and whale. Try to stay inside the lines and make each marine animal colourful and unique.
4. Once you finish colouring, carefully cut out the headband and the marine animals along the dotted or outline edges. You can ask an adult to help you with the cutting if needed.
5. Place the headband around your head to check if it fits comfortably. Make sure the band matches your head size before wearing it.
6. If the headband is too short, attach a ribbon or an extra strip of paper at the back to make it longer and fit perfectly. Secure it carefully so it stays in place while wearing it.
