Instructions:

1. Begin by downloading and printing your worksheet.
2. Take a look at the different waste items on the page, such as bottles, cans, wrappers, paper, and garden waste.
3. You'll also see four bins: Garden Organics, General Waste, Mixed Recycling, and Paper & Cardboard Bin.
4. Gather your colouring supplies, like crayons, coloured pencils, or markers to colour the worksheet.
5. Carefully cut out each waste item along the dotted lines.
6. Decide which bin each item belongs in and paste it onto the correct bin.
7. See how many items you sorted correctly and learn how proper waste sorting helps keep our beaches and environment clean.

CLEAN UP THE BEACH - WORKSHEET

 Garden Organics Bin 	 General Waste Bin
 Mixed Recycling Bin 	 Paper and Cardboard Bin

ITEMS TO CUT OUT
