Instructions:

1. Print the Halloween Peek-a-Boo Bookmark template on A4 paper.
2. Use crayons, coloured pencils or markers to colour the Vampire, Ghost, and Witch.
3. Carefully cut along the solid outside lines of the bookmark template. Take your time when cutting around the character's body.
4. Cut around the face shape along the solid lines.
5. Apply a small amount of glue to the area marked "Glue" on the character's body. Carefully place the cut-out face on top of the glued area, lining it up with the body.
6. Gently press the face down to make sure it sticks securely. Allow the glue to dry completely before using your bookmark.
7. Place your finished Peek-a-Boo Bookmark over the corner or top edge of your favourite book.
