

TDK Life on Record

A34 TREK MAX Wireless Weather Resistant Speaker

Water and Weather Resistant with NFC

TDK Life on Record's A34 is a portable, water and weather resistant speaker with NFC enhanced 2.1 Bluetooth technology to allow pairing with one tap of an NFC enabled phone. Also has an innovative microphone control; allowing it to act like a hands-free speaker for taking phone calls.

Inputs include USB, 3.5mm auxiliary port that lets you connect a variety of smartphones or you can use the USB charging port.

FEATURES & BENEFITS

- Bluetooth streams music wirelessly with minimal loss to audio quality
- Easy Bluetooth pairing with one tap of an NFC enable phone
- NiMH Rechargeable Battery
- USB charging port to charge your music devices (iPod, iPhone, Android, etc.,)
- Weatherised finish and materials makes it "water and weather resistant" (IP64 certified)
- Track control of Bluetooth devices: PLAY, SKIP FWD, SKIP RWD
- Universal line-in connection
- Integrated Microphone and controls act as a hands-free speaker phone via Bluetooth
